

# ACCIDENT MANAGEMENT

## SIMPLIFIED, SEAMLESS & CONNECTED

We've been keeping the UK's fleets and leasing providers moving for nearly 40 years, managing incidents from start to finish and bringing a refreshing simplicity to the world of accident management.

**>900**  
VALUED COLLEAGUES

We're proud to share a rich history with valued customers of all shapes and sizes, the UK's most talented repair partners and our experienced teams of accident management experts. This means when incidents occur, we understand the needs and nuances of every fleet type, from the largest to the smallest. We take care of the driver first, then focus on the vehicle, with everything at our fingertips to ensure a seamless, connected and efficient incident resolution.

**>130,000**  
REPAIRS COMPLETED

And as the industry evolves and our customers' fleets change, we evolve in sync, making the most of our agility, our scalability and our huge wealth of fleet data to introduce new ideas, innovations and investments to successfully control repair cost, quality and duration.
